Accessibility Plan

St. Mary's Catholic First School is totally committed to providing an environment that enables full curriculum access for all pupils regardless of their needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and developing a culture of inclusion, support and awareness with the school community.

We are aware of our responsibilities under the Equality Act 2010 and we have published our Accessibility Plan that shows:

- that we will strive to increase access to the curriculum for pupils with any disability with regard to teaching and learning, extra-curricular activities and resources.
- we will endeavour to improve access to the physical environment and make reasonable adjustments which will aid accessibility for disabled pupils and enhance their school experience adding specialist facilities as necessary.
- improve the quality of communication of school information to all the stakeholders in a variety of formats.

Our Accessibility Plan refers to the key aspects of the curriculum, physical environment and written information.

We will continue to raise awareness with staff and governors about equality issues.

The governors will continue to carry out an annual review of the physical environment as part of DDA priorities.

The Equality issues relating to St. Mary's will be posted on the school website

Accessibility Plan 2019 – 2022

Target	Actions	Success Criteria	Target Date
